

HIGH FLOW THREE PIECE PLASTIC FILTER HOUSINGS

AWP40B-V, AWP40C-V, AWP50B-V, AWP50C-V, AWP42B-V, AWP52B-V

The Advanced Water Products line of high flow three piece design plastic filter housings are ideal for whole home applications. All models are manufactured with the highest quality FDA and NSF listed polypropylene and come standard with ring-nut closure design which allows for easier disassembly versus common two piece designs. Pressure release button allows for pressure relief and air bleeding. These housings have an operating temperature range of 4-38°C (40-100°F) and a maximum operating pressure of 6.9 bar (100 psi).

FEATURES

- filters constructed from food grade material
- available in 1" FNPT connections
- valve-in-head design offers shut-off and bypass modes and automatic pressure venting
- pressure release heads
- 10" sumps accommodate one 10" cartridge
- 20" sumps accommodate one 20" cartridge
- available in white opaque sumps (with drain plugs) or clear sumps (no drains)
- threaded boss for installation of an optional pressure gauge (not available on valve-in-head models)
- mounting brackets and wrenches are included
- individually boxed

PLEASE NOTE: cartridges SOLD SEPARATELY

MATERIALS OF CONSTRUCTION

- Housing – reinforced polypropylene (opaque) SAN (clear)
- Head – reinforced polypropylene
- O-Ring – Buna-N (nitrile)
- Maximum Temperature – 38° C (100°F)
- Maximum Pressure – 6.9 bar (100 psi)
